TAPING

The CSM 212 is a flexible mobile film wrapper. The wrapper can be moved to any desired location by means of a handle with operating buttons. The wrapper can handle any package size due to the flexible nature. Changing the film is very easy and fast on the film trolley. Operation is easy with touch keys. Because the machine is modular, the machine is suitable for both light and intensive use.

Most important features:

- Standard 6 wrapping programs
- Adjustable speed
- Adjustable film trolley speed
- Adjustable number of lower and upper windings
- Pallet height detection
- Wrapping up and down

Options:

- Extended mast
- Automatic cutting unit
- Expansion to 99 wrapping programs
- Other options on request

Pre-stretch system by fixed gear ratios. Adjustable to 150%, 200% and 250%.

Technical data:
